

SILICA SERIES

Lifetime™ LTP85 Silica Vacuum

The World's Most Durable Bagging Type Propane Vac

- Discharges collected material into an engineered control bag system.
- Filters so good they last years, not months. Low, low cost of ownership.
- HEPA filter built-in and designed for safe use with silica based materials.

The Lifetime™ LTP85 Silica Vacuum uses a Kohler EPA certified LPG engine for go-anywhere cleaning.

With upgraded steel and filters that last ten times longer than other brands, you'll get a vacuum with a low, low cost of ownership. A 14.5 Hp engine is perfect for cleaning heavy, silica-like sand even with 50 ft long hoses.

Meet OSHA laws with a rugged propane silica vac by DuroVac.

The DuroVac Lifetime LTP85 is a propane silica bagging vacuum that lasts.

TRIPLE FILTRATION means hassle-free operation when you're handling fine powders. At 99.9% efficiency, the primary filter media won't easily clog, so performance never drops as the hopper fills. Vacuum continuously without stopping the system to shake the filters.

- First-stage impaction separator with internal baffle plate to protect against abrasion.
- Large main filter in a baghouse-type format.
- 99.97% HEPA filter for silica safe operation.

Specifications

Model Number	LTP85
System Horsepower	KOHLER 14.5 Hp EPA Cert
Number of Hoses	1 x 2.0" Up to 100'
Air Flow - Inlet (CFM)	380
Vacuum (Maximum)	11.5" Hg.
Primary Filter Area (ft²)	42.2
Noise Level @ 3ft (dBa)	88
Weight (lbs)	760

Silica safe operation with a tough LPG vacuum that just keeps on working.

Designed from the ground up to ensure the longest lasting filtration system, the LTP85 has more than double the primary filter area of any other vacuum in its class.
